

REMARKS

A. Claim Status and Amendments

Claim 1-10 are pending in this case and have been amended herein to place the claims into a conventional U.S. format, only.

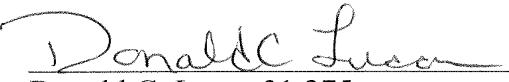

B. Specification and Drawing Amendments

In reviewing the Specification and drawings, it was noted that reference character 33 was used in Figure 5 to refer to a pin and in Figure 6 to refer to a ball bearing. The specification and Figure 5 have been amended to refer to the pin by reference character 33a.

Also, it was noted that reference character 29 was absent from Figure 4 although it was referred to in the specification, see page 14 line 19. Thus, Figure 4 has been amended herein to add reference character 29.

Respectfully submitted,
